

PARTNER CERTIFICATE

**For the Region
North America**

ENARA TECHNOLOGIES, Inc.
based in Ontario, CANADA

We hereby confirm that ENARA TECHNOLOGIES, Inc. based in Ontario, Canada, is a long term partner of SAPERION AG, and has been the International Competence Center for our SAPERION® product since 1999.

SAPERION AG and Enara Technologies Inc. work closely together on DMS project deployments, and both companies share resources to make sure that any project using SAPERION® gets the highest possible skill set to implement it successfully.

SAPERION AG is an international company based in Germany that is focused on creating and developing DMS and Knowledge Management solutions.

Berlin, 28. October 2002

Andreas Liebing
